

Sisterhood Interest Sheet

There are many interesting projects that are a part of the Sisterhood Experience.

Please take a moment to review the following and check off the areas where you feel you may be interested in getting involved:

_____ **College Boxes** - During the school year, help pack and send holiday treats/cheer to our college students.

_____ **Cook/ Bake** – Volunteer by cooking or baking for special events, meetings, holiday programs, etc.

_____ **Family Event** - Assist program chairs in organizing and running the event.

_____ **Hanukkah Boutique** – Event takes place in the fall. We need help with setting up, being available to vendors (coffee breaks, etc), cashiering, selling food, raffle tickets and participating in this fun event.

_____ **Judaica Shop** - Open the gift shop on Friday nights after services, for special events and for special hours during religious school.

_____ **Lox Box** – Help with the purchasing, packing, routing and deliveries.

_____ **Mailings** – Sisterhood mailings require lots of helping hands. This might include stuffing envelopes, sorting labels, stapling etc. This is a nice way to schmooze and have fun.

_____ **Oneg/Kiddush** – Help pour coffee for Friday night Oneg, and/or hostess for Kiddush on Saturday morning.

_____ **Religious School** – Help with special observances, including distributing holiday treats and organizing special events.

_____ **Resale** – This takes place in the summer each year and is one our biggest fundraisers. Resale requires lots of help with setup. On the days of the event we need cashiers and help with sales. Help with packing on the last day.

_____ **Shabbat Bags** – Help pack and deliver Shabbat gift bags to new members.

_____ **Social Action / Special Projects** – Include activities such as:
_____ Social welfare activities and community involvement
_____ Sew and knit for specific projects
_____ Provide transportation for people who need rides
_____ Prepare dinners for people who are recuperating
